## MY MANIFESTO

### Teacher Welfare – Beyond the Grave

Launch a comprehensive Teachers' Welfare Scheme covering:

- Support for long-term illnesses
- Education support for children of deceased teachers
- Emergency relief for distressed members

### Welfare Committee For Transparency

Create a sub-county-based Welfare Committee:

- One elected representative per sub-county
- Accountable management of welfare contributions

### Website for Digital Access

Introduce a Meru KUPPET Branch Website:

- Fast access to important updates
- Simplified service delivery
- Secure document and claims portal

### Stronger, Independent JSS

Champion autonomy for Junior Secondary Schools

- Work with the national office to ensure structured independence and support

### Health Insurance that Works

Streamline access to Minet/AON services

- No more calling for approvals
- Ensure automatic, smooth care for teachers

# KINOTI MUNGANIA

*For*

## KUPPET TREASURER

### Meru Branch

*Leadership that You can Trust*

# WHY KINOTI MUNGANIA?

## Teachers continue to suffer

We need a national-Level Advocacy to Push for:

- Transparent teacher promotions
- Better basic salary and allowances
- Fair career progression policies

## SERVANT LEADERSHIP

I believe leadership is about service, not status. I'm here to listen, act, and deliver real solutions for teachers. My commitment is to serve with integrity, stay accessible, and ensure every teacher in Meru feels represented and supported.

### What we deserve:

#### A Stronger, Empowered Teaching Fraternity in Meru County.

Our voice must be louder, our rights clearer, and our support systems stronger. I'm offering myself to serve you with integrity, transparency, and unwavering commitment.

### Join the winning team now!

This is the moment to change how things are done in Meru KUPPET. I'm ready to deliver better welfare real support and a union that truly works for teachers. Walk with me let's win this together and build the future we deserve.

# WE NEED A SOLUTION

## Welfare at burial is not enough

Many teachers only receive assistance from the union during funerals, leaving long-term illnesses and family emergencies unaddressed. I will change this by establishing a broader welfare scheme that supports teachers during illness and ensures children left behind are not forgotten.

## Our Medical Insurance is pathetic

Teachers often struggle to access medical care through Minet/AON, facing delays, unanswered calls, and unnecessary approvals. I will work with the national office to make insurance access seamless—so teachers get treatment without chasing people for help.

## Communication is a big problem

Important updates and services are hard to find or delayed, keeping members in the dark. I will launch a Meru KUPPET website to ensure every teacher can access updates, welfare details, and union services with ease—from anywhere, anytime

## MY GUIDING PRINCIPLES

### Transparent Financial Stewardship

Every member has a right to know how their money is used. I will ensure clear, regular financial reports and open communication. Branch income and expenditure will be accessible to members—no secrets, no guesswork.

### Fair and Inclusive Representation

No teacher will be sidelined—regardless of school size, location, or rank. Every sub-county will have a seat at the table. I will work to ensure equal access to opportunities, benefits, and support across the entire Meru branch.

### Technology-Driven Solutions

We live in a digital world—our union should too. I will spearhead the launch of a fully functional Meru KUPPET website, making services, announcements, claims, and updates available at the click of a button. Simple. Fast. Accountable.

### Service-Oriented Leadership

My door will always be open. Leadership means showing up when it matters. I will remain accessible, responsive to your concerns, and proactive in finding real solutions—not just making promises.
